-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

The amendment document filed on 30 March 2005 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121. In order for the amendment document to be compliant, correction of the following item(s) is required.

- 3. Amendments to the drawings:
 - A. The drawings are not properly identified in the top margin as "Replacement Sheet," "New Sheet," or "Annotated Sheet" as required by 37 CFR 1.121(d).
 - B. The practice of submitting proposed drawing correction has been eliminated. Replacement drawings showing amended figures, without markings, in compliance with 37 CFR 1.84 are required.
 - C. Other _____.
- 4. Amendments to the claims:
 - A. A complete listing of all of the claims is not present.
 - B. The listing of claims does not include the text of all pending claims (including withdrawn claims)
 - C. Each claim has not been provided with the proper status identifier, and as such, the individual status of each claim cannot be identified. Note: the status of every claim must be indicated after its claim number by using one of the following status identifiers: (Original), (Currently amended), (Canceled), (Previously presented), (New), (Not entered), (Withdrawn) and (Withdrawn-currently amended).
 - D. The claims of this amendment paper have not been presented in ascending numerical order.
 - E. Other: See attached sheet..

For further explanation of the amendment format required by 37 CFR 1.121, see MPEP § 714 and the USPTO website at <http://www.uspto.gov/web/offices/pac/dapp/opla/preognotice/officeflyer.pdf>.

TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a Quayle action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a Quayle action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

DETAILED ACTION

1. Per Applicants request and RCE received 3/30/2005, claims 1-50 are cancelled. New claims 51-70 will not be entered. The reply filed on 3/30/2005 is not fully responsive to the prior Office Action because of the following omissions or matters noted below.

Claim Rejections - 35 USC § 112

2. In view of the cancellation of claim 50, the prior 35 USC 112 2nd paragraph rejection is hereby withdrawn.

Election/Restrictions

3. Applicant is directed to reference 37 CFR 1.114 Request for continued examination. The paragraph following (e) recites, "Applicants cannot file an RCE to obtain continued examination on the basis of claims that are independent and distinct from the claims previously claimed and examiner as a matter of right. See 37 CFR 1.145.

Canceled Elected Claims, Non-Responsive

The amendment filed on 3/30/2005 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because:

The inventions are distinct, each from the other because of the following reasons:

- I. Claims 1-50 (cancelled by the present amendment), drawn to 'customization objects: base object with internal logic to perform actions signifying events & a public object model with identifiable references to events and a customization

object having data or logic representative of said public object model with an event handler that invokes a customized code sequence', classified in class 717, subclass 107.

- II. Claims 51-70, drawn to 'a plurality of contexts based on the identity of the user and creating suitable label identifiers', classified in class 715, subclass 747.

The remaining claims are not readable on the elected invention because invention II (operator interface / graphical user interface) has separate utility from invention I (program development).

See MPEP 1.145 Subsequent presentation of claims for different invention:

If, after an office action on an application, the applicant presents claims directed to an invention distinct from and independent of the invention previously claimed, the applicant will be required to restrict the claims to the invention previously claimed if the amendment is entered, subject to reconsideration and review as provided in §§ 1.143 and 1.144.

Conclusion

4. Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
